KAI ZEN

CONTINUOUS IMPROVEMENT
by **BIZ in THAI**

COURSE OVERVIEW

Active Learning thru workshop, think tank and game play.

Vision

Kaizen Continuous Improvement is step by step development, sustainably. Do it consistently with proper planning, by workers on the shop floor who do the job, which is developed from a small part of the organization. Do it continuously and simultaneously all together, the result is a beautiful and grand overview. It creates development from the participation of everyone in the organization that lead to the alignment SMART goal.

Mission

We are here to provide optimal service to customers by respecting all their requirement base on KAIZEN concept.

"Active learning is fun and effective"
